The November 2016 Baltimore Auction

Session 5

Thursday, November 3, 2016 6:00 PM ET

Lots 10001-10467

Colonial Notes

10001 **Massachusetts. June 1, 1777. 100 Pounds Treasury Certificate. PMG About Uncirculated 55 Net. Previously Mounted.** No. 152. Oversized Treasury Certificate from the State of Massachusetts Bay. Floral border prints on three sides. Emblem at top left of patriot with sword in his right hand and a banner reading "INDEPENDENCE" in his left. These certificates were basically loans to the state that were payable to the possessor on June 1, 1780. These paid six percent annual interest. Signed by Jeffries, Davis and Sumner as committee members and Gardner as Treasurer. A handwritten interest paid endorsement is seen on the face. This certificate deeply embossed and displays bright paper with just light handling. The mounting mentioned by the grading service is very minor. An fascinating piece of colonial fiscal history.

Est. $1000-$1500

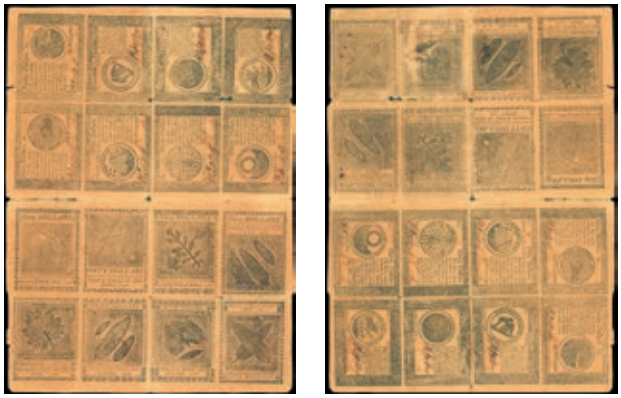
10002 **PA-183,184. Pennsylvania. October 25, 1775 6 & 9 Pence. Uncut Sheet of (6). PMG Choice Extremly Fine 40.** Uncut Philadelphia Colonial Sheet of (6). Hand numbered and signed, with consecutive serial numbers. This rarity features (3) Six Pence Colonial Notes on top, and (3) 9 Pence Colonial Notes on the bottom. Printed by Hall and Sellers.

Est. $1250-$1750

Continental Currency

10003 **CC-79. Continental Currency. September 26, 1778 $5 PMG About Uncirculated 50 EPQ.** A well margined example of this popular Continental Currency denomination.

Est. $300-$500



10004 **CC-79 to 86. Continental Currency. September 26, 1778 $5, $7, $8, $20, $30, $40, $50, $60. Uncut Sheet of (16) Notes. PCGS Very Fine 30 Apparent. Splits and Minor Damage.** Nos. 124349/124302. Each note is double signed. Full sheet of (16) notes with double denominations of each. Typical weak spots in the middle of the folds, some splitting along the two pains and some minor edge damage on three sides. A scarce sheet.

Est. $4000-$6000

Gorgeous 1779 Uncut Sheet

10005 CC-93 to 100. Continental Currency. January 14, 1779 $30, $35, $40, $45, $50, $55, $60, $65. Uncut Sheet of (16) Notes. PCGS Extremely Fine 45. No. 51368. Each note signed by Cox and Donnell. An impressive full double sheet of (16) Continental Currency notes from this January 14, 1779 issue. The notes are fully issued and display dark inks and bold color. Full selvage is seen on this sheet. Two examples of each denomination are present. There are some standard folds between both sets. One of the nicest sheets of any colonial time period we have had the privilege of offering, including anything from the Ford Jr. Collection.

Est. $7500-$12,500

10006 CC-95. Continental Currency. January 14, 1779 $40. PMG About Uncirculated 55. PMG comments "Annotation" on this lovely Continental, which is just the number "30" written in pencil.

Est. $300-$500

10007 CC-102. Continental Currency. January 14, 1779 $80. PCGS Choice About New 55 Apparent. Stains; Mounting Remnants on Back. No. 17148. The highest denomination from the resolution and all the Continental Currency notes. Hard to find in Gem or Choice. Colors are sharp, though just slightly subdued. Some stains and mounting remnants appear on the back.

Est. $400-$600

Obsolete Notes

Alabama

Exceptionally Rare Criswell 20 State of Alabama $50

10008 **Montgomery, Alabama. State of Alabama. February 17, 1864. $50. PMG Very Fine 30 EPQ.** (Shull Cr. 20 Rosene 7-18) An incredibly rare Third Series note that was payable in Confederate States Treasury Notes issued on or after February 17, 1864 (the final Confederate issue). Earlier Alabama issues were payable in either Confederate notes or 5% bond coupons of the state. There are some minor layout differences from the earlier CR.13. Most notable is the addition to the Third Series notes of the orange protector at center which reads 50 FIFTY 50. This is an unsigned remainder as are all we have seen. It is likely that these notes were printed so late in the war that they were of little use in the collapsing Confederacy and that none were ever fully issued. This note displays strong detail of the J.T. Patterson lithographed printing. The cut is exceptional as it is fully margin and include selvage on the right, which is the first we have seen. Most are cut a bit erratic with poor margins. Inscription "From Geo G. Kimball Portsmouth - Aug - 1871" is located in the selvage. Shull gives this variety an R-10 rarity rating, indicating 5 to 15 known. An About Uncirculated note brought $8625 in 2012. This note plate letter F note should realize a sum somewhere comfortably in between.

Est. $6000-$8000

Arkansas

10009 Hamburg, Arkansas. Joseph B. Horne. Dec. 1, 1862. $3. Very Fine. (Rothert Unlisted) Small format $3 note. "ISSUED ONLY ON DEPOSITE." at left end. Payable "In Confederate notes, when presented in sums of twenty dollars." Signed Jos. B. Horne on the signature line at lower right. We have traced no other notes from this issuer.

Est. $500-$800

10010 Little Rock, Arkansas. Little Rock Post Office. October, 1862. 10 Cents. Very Fine. (Rothert 427-1) Imprint of J.D. Butler at bottom right. Girl in hat with oar at left. Dog's head bottom center. A rare Confederate era scrip note issued by the Little Rock Post Office and redeemable in "Confederate Money" in sums of $20. This is a R-7 in the Rothert reference. Even circulation and dark inks are seen.

Est. $500-$800

10011 Little Rock, Arkansas. Little Rock Post Office. November, 1862. 25 Cents. Very Fine. (Rothert 427-2) Same basic design as the previous 10 Cent note. Month handwritten "Nov" over August. Fully framed and well printed. A small edge nick is seen at bottom and some trivial stains are in the body of the note. Still an interesting and rare Confederate era scrip note.

Est. $500-$800

California

10012 San Diego, California. San Diego & Phoenix Railroad Co. November 1, 1893. $1. PCGS Very Fine 25. Printed on bond paper. Banknote style, slightly oversized, scrip. 195mm by 85mm. Finely lithographed on both sides with imprint of Los Angeles Lithographic Co. The face and back with green borders and fine green undertint security lathe with company logos. The face with portrait of Tom Scott "The Father of Texas & Pacific Route" at the left end. Train of cars at the top over the curving titles. The right oval with large "1" is styled like a tunnel. Engraved city and date at center with detailed texts. The back is also ornate with locomotive in left oval and shore map details at the right. Fine print (you'll need two lawyers to interpret it) legal obligation text in the center and signed in pen by the Trustee of the company. High Rarity 7 (1-3 known). A fabulous scrip issue representing a superb intersection of fiscal themes merged with lovely style. The 1893 period was one of economic panic. In New York, J. P. Morgan stepped in to intercede for the Federal Government and forced the nation's banks to form Clearing House Associations to control the flow of money and prevent nationwide foreclosures. A scrip such as this made the general public investors in this railroad venture at the cost of $1 per share ($4,000,000 was being capitalized) and the notes could circulate as money in San Diego and any point along the rail lines of the firm. They obviously would have been usable for passage. The great rarity of this piece is explained by the fact that they were primarily redeemed after the panic abated or were converted into larger stock certificates for multiple shares under differing terms. This is one of very few San Diego obsolete note items we have ever encountered and should enjoy serious attention from state collectors and transportation note enthusiasts.

Est. $2500-$3000

Colorado

10013 Denver, Colorado. South Canon Supply Co. 1905. 25 Cents. Choice Extremely Fine. A nice small size obsolete seen with a 25 at center. South Canon Supply Co. logo seen on each side. The note reads, "This is not intended to be used as Money." at the top of the note.

Est. $600-$900

Connecticut

10049 **Portland, Maine. Manufactures and Traders Bank. ND (18xx). Uncut $1-$1-$2-$3 Proof Sheet. Very Fine. Remainder.** New discovery. The individual $1, $2, and $3 notes are unlisted by Whitman and Haxby as is the sheet. Patent Stereo Steel Plate. Lightly folded. Newly discovered, this proof sheet is intact with full margins, but the top note was never printed completely. Punch cancelled on the signature lines. This sheet was probably sent to the bank officers by the Perkins shop to illustrate the three denominations — with one of the $1 fully printed. This is one of the last issues of paper money to be issued by the Perkins shop before its merger into the New England Bank Note Company. The shop on Fruit Street in Newburyport has been recently restored and opened as a historical site.

Generations of collectors of obsolete notes have come and gone without having had the opportunity to acquire even one of these notes. If cut apart, which we hope will not happen, the three full individual notes would probably bring several thousand dollars each in the marketplace.

The Manufacturers and Traders Bank was incorporated on February 27, 1832, with an authorized capital of $100,000. This amount was not raised, and for most later years the paid-in capital was $75,000. In 1854 the authorization was increased to $150,000, then soon afterward to $175,000, then to $250,000.

Per bills on hand, this bank issued $981,750 in paper money, of which amount $978,350 was destroyed. The shareholders opted to close the bank and reincorporate as the National Traders Bank of Portland, which was done. As of September 4, 1867, only $182 in old bills could be accounted for.

Red border tints and security bar. Male portraits at bottom left and right. Ornate 1 counters at top left and right. State Seal of Pennsylvania at center. Engraved bank officer's signatures. Plate position A with blue stamped serial number 5723. One of two striking $1 notes from this excessively rare Pottstown bank that opened in August of 1857 and later became the National Bank of Pottstown. Haxby's description speculated that the note was likely red. This Specimen confirms that assumption. The note was clearly not intended for circulation, being printed on India paper that was mounted on card. Six round POCs are seen in the signature panels and a punched out star is found in the date line. This may have been a final impression of the decided upon design combination before circulating notes were printed. We have seen this design as a green tinted Proof and an example of that is also seen in the auction tonight. Sharp inks and bold red color are seen on this impression. An area in the top right of the note has been repaired with some paper replaced. Full sheet selvage at the top, left and right is seen. A likely unique note in this form.

Significant T-1 Montgomery $1000

10129 **T-1. Confederate Currency. 1861 $1000. PCGS Very Fine 30 Apparent. Cross-Cut Cancelled. Cancellation Repaired.** No. 322, Plate A. The most important of the 70 official Confederate type notes and the highest denomination issued by the Confederacy during its infancy in Montgomery. Just 607 of these Confederate $1000s were issued and today less than 150 are known to remain. State's rights proponent John C. Calhoun, who in addition to serving a US Senator for the state of South Carolina, held office as Vice President and briefly Secretary of State, is seen at bottom left. Seventh President of the United States, Andrew Jackson is seen at bottom right. The green tints that dominate this design remain bold along with the sharply printed ornate black counters and portraits. The signatures of Register Clitherall and Treasurer Elmore are still darkly inked and well penned. This note has had the cut cancellations expertly restored. Full borders are found. This is an excellent representation of this all important type still needed by many collectors.

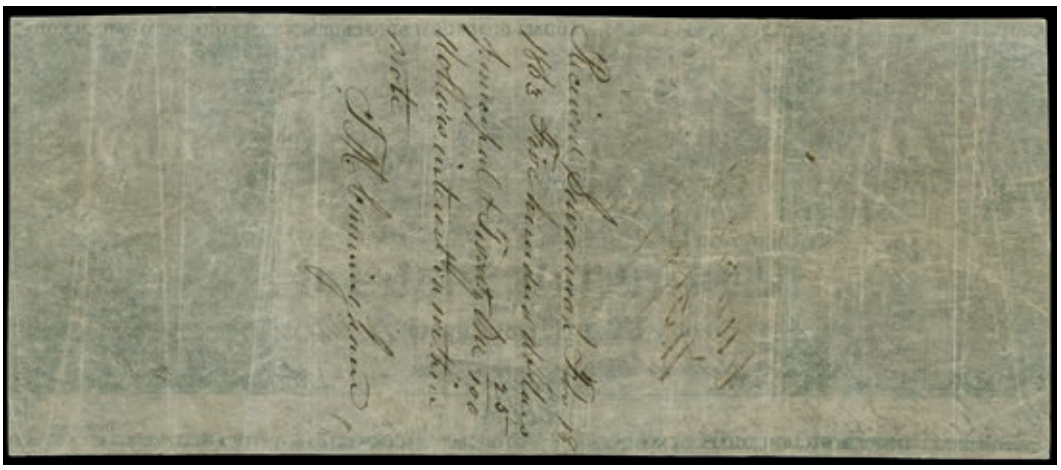
Striking T-2 Montgomery $500



10130 **T-2. Confederate Currency. 1861 $500. PCGS Very Fine 30 Apparent. Cancellations Restored, Design Redrawn.** No. 242, Plate A. Perhaps the most beautifully designed note in all of Confederate currency. The T-2 $500 features a wonderful vignette of a steam locomotive crossing a bridge with cars in tow. Cattle are watering in the stream below. The vignette is flanked on either side by the elaborate green tints with micro die counters that the Montgomery series is known for. A large D counter is seen at top left with small 500 die counters encircling it. A large 500 is seen at top right with the same small 500 die counters. At bottom left is Ceres, Goddess of Agriculture. Just 607 of these National Bank Note Company produced notes were issued and presently around 140 are known. The green tints of this example display ideal color, having lost little if any brilliance in the 155 years since they were printed. A penned issue date of June 16, 1861 is seen in the lower right. Neatly penned signatures of Register Clitherall and Treasurer Elmore are found at bottom left and right. The note was once seen with punch cancellations but those have been brilliantly restored with replacing of the paper and minor redrawing of the design with such skill that it is almost impossible to detect even to the best trained eye. Not only full frame lines but even full margins are noticed. This is among the most attractive 1861 $500s that this cataloger has seen. There is a neatly penned endorsement on the back of the note that reads "Received Savannah Feb. 18, 1863 Five hundred dollars principal + Twenty one 25/100 dollars interest on within note. T.M. Cunningham." Another penned inscription can be seen upon close inspection of the face. It is a handwritten cancellation from W.T. Goodwin, the well known Deputy Collector from Savannah. This is a T-2 that would befit even the most advanced Confederate type sets.

Brilliantly Colored T-3 Montgomery $100

10131 **T-3. Confederate Currency. 1861 $100. PCGS Very Fine 35 Apparent. Small Repairs at Center.** No. 858, Plate A. Brilliant green tints are seen on this bright and boldly inked $100 Montgomery note. The National Bank Note Company produced these using patented steel plates and 1,606 of these interest bearing hundreds were issued. Ceres, Goddess of Agriculture, is seen at left. A wonderful scene of a steam locomotive with passenger cars waiting at a depot is seen at center. The penned May 14th, 1861 issue date and hand signed signatures of Clitherall and Elmore are seen in bold brown inks. The paper is exceptionally bright and displays only light circulation. Full frame lines are noticed. There are a couple of small, well executed repairs at center but they are difficult to detect unless under close scrutiny. There is a manuscript issuing endorsement on the back stating that the note was paid out May 20, 1861 by a Captain Williams of the Office of Commissary of Subsistence. This is a note with eye appeal exceeding what the assigned grade would suggest.

About New T-4 $50 Montgomery

10132 **T-4. Confederate Currency. 1861 $50. PCGS About New 50 Apparent. Repair in Upper Right Corner.** No. 923, Plate A. Only the lightest hints of circulation can be found on this 1861 $50 which is the last of the four Confederate type notes issued before the Confederate capital was relocated from Montgomery to Richmond. Beautiful bold green tints are seen throughout the note. The central vignette features slaves working in a field and is the same one seen on the T-41 $100 as well. Just 1,606 of these National Bank Note Company produced notes were issued. Today around 190 pieces are known to survive. The paper is bright, well cut and free of distracting issues. The grading service mentions a repair in the upper right corner which we have not been able to detect ourselves. There is a neatly penned manuscript issuing endorsement found on the back that reads "Issued July 5, 1861 Thos. K Jackson Capt. CSA." This is one of the finest graded T-4 $50s available.

T-5 $100 Issued by Eventual Major General M.L. Smith

10133 T-5. Confederate Currency. 1861 $100. PCGS About New 53 PPQ. No. 2650, Plate B. An interesting Southern Bank Note Company produced $100 which is the first of the Confederate type notes to display Richmond as the Confederate capital. This example is incredibly fascinating as it bears an issuing manuscript endorsement on the back reading "Paid out Sept. 20th 1861 M.L. Smith Maj. of Engineers". Martin Luther Smith was a New York native and a U.S. Army officer who married a Georgia woman while working as an Army engineer in the South. At the outbreak of the Civil War Smith resigned his commission to join the new Confederate Army. He was commissioned a Major of Engineers in 1861 and continued to climb the ranks eventually being promoted to Major General. In 1863 he oversaw the construction of the defenses of Vicksburg, Mississippi. The note displays only light handling with full frame lines and bold green color. Smith's manuscript is neatly penned and clearly legible. A high quality note with a little something special to add to the appeal.

This example displays a handwritten "for" before "Treasr" at the bottom right. The Fricke reference gives this a R-11 rarity rating. The paper is bright for the grade with the printed design being darkly inked and well presented. Any evidence of prior mounting on the back is very minor and of little consequence. The annotations are contemporary. This note is likely in the upper end of the condition census for the variety.

10142 T-10. Confederate Currency. 1861 $10. PMG Very Fine 30. No. 77861, Plate A. PF-12, State 11. This is a scarce variety with the "S" printed just right of the clause in the top left corner. We have handled very few of these T10's with this particular variety. Problem free examples are scarce in any grade for this type. A nice overall example of this popular confederate type.

10143 T-10. Confederate Currency. 1861 $10. PMG Very Fine 25. No. 14178, Plate A. PF-13. Dark inks are seen on this still bright 1861 $10 produced by Hoyer & Ludwig. This variety shows just the "r" of "for" printed before "Treasf" at bottom right. A few small tears are seen and noted by PMG.

Rare T-11 Variety

10145 T-11. Confederate Currency. 1861 $5. PMG Very Fine 25 Net. Restoration. No. 1056, Plate B. PF-2. This is a rare B plate note that features an extra "f" before "for Treasr" in the bottom right corner of the note. The present note is actually the Fricke plate example in Figure 11-3 on page 160 of "Collecting Confederate Paper Money." The variety is given a R-11 rarity rating. This is a far better than average note for the type as well with full frame lines and well printed, fully undisturbed design elements. The restoration mentioned by the grading service is skillfully done and certainly not a detriment.

10146 T-11. Confederate Currency. 1861 $5. PCGS Fine 15 Apparent. Edge and Internal Splits and Tears; Minor Stains; Small Rust Stains. No. 23159, Plate Bb. PF-4. The design elements of this scarce Hoyer & Ludwig produced $5 are clear and well printed despite the level of circulation and the minor impairments mentioned by the grading service. 10147 **T-11. Confederate Currency. 1861 $5. PMG Fine 12 Net. Tears, Annotation.** No. 59, Plate BB. PF-4. A darkly inked T-11 that comes printed on thick bond paper. High Grade T-12 Manouvier

10148 **T-12. Confederate Currency. 1861 $5. PMG Very Fine 30.** No. 314, Plate H. These 1861 Tens are commonly known as "Manouviers" after their printer Jules Manouvier of New Orleans. Though they were the only 1861 Confederate notes to feature a printed back, the design was considered to be simplistic and easily counterfeited by the Confederate Treasury Department. Only one shipment of notes was received from the printer and no additional orders were made. Just 15,556 T-12s were issued. Many that survive today are well worn and in the range of Very Good to Fine. Even when these notes approach the Very Fine range they are often dark and show little of the blue printed back design. The example offered here is far superior to many T-12s seen and is found with bright, evenly circulated paper and sharply printed dark inks that show the full detail of Manouvier's intended design. The unique back print is fully visible and found in a light shade of blue. This is one of the nicest Manouvier's you are likely to find in terms of overall aesthetic appeal. The "Minor Restoration" mentioned by PMG is very well executed and appears to be just along the edges. Certainly a note worthy of a strong bid.

Full margins and strong color are easily noticed on this mid-grade Southern Bank Note Company produced Fifty. Just 14,860 examples of the type were issued. This well printed note displays strong design elements and great vermilion color in the protector. The grading service cites minor edge restorations and closed cut cancellations in their Apparent grade. This is a scarce early type with plenty of aesthetic appeal.

Brilliantly Colored T-19

10154 T-19. Confederate Currency. 1861 $20. PMG Very Fine 30. No. 6350, Plate A. An idyllic T-19 with brilliant color and bright, fully framed paper. This is a fantastic representation of this ever popular Southern Bank Note Company $20. The plate impression is vividly printed with great detail seen in the vignettes of Minerva at left, Navigation at center and of the blacksmith at right. Rarely are we so fortunate to find a note that boasts a combination of great color, cut and appeal in a single package. The "Retouched" comment appears to be more a small area on the back bottom right edge that is incredibly minor. This note is visually superior to the PCGS 30PPQ example sold in our 2016 ANA auction for $5,875.

10155 T-19. Confederate Currency. 1861 $20. PMG Very Fine 25 Net. Foreign Substance. No. 13652, Plate A. One of the great notes produced for the Confederacy by the Southern Bank Note Company of New Orleans. Minerva is seated to the left. Navigation is seated at center by a globe and charts. A blacksmith with hammer and anvil stands at right. Strong color remains in the red-orange tint of this 1861 Twenty. There is a very small ink smudge on the back right corner of the note which must be the cause for the Net grade. It really affects nothing at all. Two light cut cancellations are seen when the note is backlit.

10162 T-23. Confederate Currency. 1861 $10. PMG Very Fine 25. No. 8356, Plate A1. PF-2. Sharply printed inks are found on this evenly circulated Ten that still displays strong color of the orange tinted protectors. The orange inks often oxidized turning the overprint burnt orange or brown. That is not the case with this example. Some minor remnants of previous mounting are seen on two small spots on the back but affect little. The man in the portrait at bottom left is John Elliot Ward. Ward was president of the Mechanics Savings Bank of Savannah whose $10 notes were the basis for the T-23. He was opposed to succession and fled the South to New York where he practiced law.

This is certainly one of those notes that sets itself apart from other examples in its grade range.

10171 **T-26. Confederate Currency. 1861 $10. PMG About Uncirculated 55 EPQ.** No. 83014, Plate X. PF-21. The firm acted as quartermaster's agents for Texas, New Mexico and Arizona.

Rare T-27 1861 $10

10173 **T-27. Confederate Currency. 1861 $10. PMG Very Fine 30 Net. Repaired.** No. 44, Plate A11. PF-2. Just 8,576 of these Hoyer & Ludwig printed $10 notes were issued. Unlike Montgomery notes, T-27s and their T-35 counterparts were not saved after redemption. Survival rates for these notes are less than 2%. Today fewer than 120 T-27s are known to survive. The example here is a rarer A-numeral plate variety with this being from the A11 plate. The plate impression is darkly inked on the note's bright, evenly circulated paper. This example was cut cancelled and the cancellations have been closed using archival tape on the back. Still this remains an appealing example of this classic Confederate rarity.

Est. $8000-$12,000

10174 **T-28. Confederate Currency. 1861 $10. PMG Choice About Uncirculated 58.** No. 43636, Plate A15. Just faint handling is seen on this well printed Hoyer & Ludwig printed Ten. Bright paper and boldly penned signatures are also observed. The grading service mentions "as made paper thinning" likely for a faint line in the paper that can be seen when the note is backlit.

10175 T-29. Confederate Currency. 1861 $10. PCGS Very Fine 30. No. 21943, Plate E. An excellent mid-grade example of this better Blanton Duncan produced 1861 Ten. Rarely do T-29s in this grade range display such great color with boldly printed inks and bright paper seen on the present note. Just moderate circulation is observed on this uncancelled note that at first glance appears far superior to the assigned grade.

Est. $500-$800

10176 T-29. Confederate Currency. 1861 $10. PMG Very Fine 25. No. 27727, Plate F. Nice T-29s are hard to find in any grade. Rarely do they come Choice and free of impairments. This example is bright and boldly printed. Additionally, this example is better cut than most. Surely a note with more appeal than the assigned grade would suggest.

10177 T-31. Confederate Currency. 1861 $5. PMG Very Fine 30. No. 3816, Plate C. PF-2. 10178 T-31. Confederate Currency. 1861 $5. PCGS Very Fine 20 PPQ. No. 9269, Plate C. This popular "Five Females" Southern Bank Note Company produced 1861 $5 comes well cut with a bold red-orange overprint. Plate C T-31s are more scarce than their A and B plate counterparts. This evenly circulated note was well deserving of the grading service's PPQ designation.

Est. $700-$1000

10179 T-31. Confederate Currency. 1861 $5. PMG Very Fine 25. No. 18274, Plate A. PF-1. An evenly circulated "Five Females" note that retains a brightly colored protector overprint. Two cut cancellations can be found but are well concealed.

10180 T-32. Confederate Currency. 1861 $5. PMG Very Fine 25. No. 5265, Plate AA. PF-2. This Leggett, Keatinge and Ball printed $5 comes fully framed with bold color in the orange tinted protector overprint. Like the T-23, this design was based off a note from the Mechanics Savings Bank of Savannah, Georgia. The paper is evenly circulated and bright. The minor repairs mentioned by the grading service are well concealed and appear to be to a couple of small edge nicks. This is a very appealing mid-grade example of the type.

10181 T-32. Confederate Currency. 1861 $5. PCGS Very Fine 20 Apparent. Mounting Remnants and Damage. No. 3010, Plate A. PF-1. This is the second state of the variety where "VA" is missing after "KEATINGE & BALL RICHMOND" on the left end of the note. The Fricke reference gives this note a R-13+ rarity rating. This example is certainly near or at the top of the condition census for the variety. The color is vibrant and the paper is just lightly circulated. Two light cut cancellations are seen.

Boldly Printed T-35 "Indian Princess"

10183 **T-35. Confederate Currency. 1861 $5. PCGS Very Fine 25 Apparent. Restorations on Back.** No. 3784, Plate Ab. One of the toughest "Big Six" notes to find and usually one of the last holes remaining in a Confederate type set under construction. These 1861 $5 notes were produced by Hoyer & Ludwig. They were printed on eight note sheets with four notes being T-35s and four notes being Ab plate T-27 1861 $10s. Just 7,160 notes were issued for the type. Today around 140 are known to exist. It is unknown exactly why so few notes were emitted given the time and effort that would have gone into preparing the plate. Most speculate that the plate must have failed and it was easier to move to a new design rather than to prepare another plate. These notes came on poor quality paper and many T-35s are plagued by impairments resulting from heavy wear. The present note faired quite well during its time in circulation. The edges are mostly wholesome and the body of the note is remarkably clear of any distracting faults. The plate impression is darkly inked on this note which is not always the case with this type. The all important "Indian Princess" vignette at the right end of the note is well inked and seen with great detail. The signatures remain bold and the note is free of any cancellations. The restorations mentioned by the grading service are pretty minor and relegated to the right end on the back of the note. It appears that only some minor remnants from previous mounting were touched up. This is a very desirable example of this important type note.

10184 T-37. Confederate Currency. 1861 $5. PMG About Uncirculated 50 EPQ. No. 13925, Plate B. Type 37 is a very difficult note to locate in grades above Very Fine. About Uncirculated notes and better are nearly unheard of. The note offered here is an exceptional example boasting bright, fully framed paper, bold inks and just the slightest hints of circulation. In fact this is the third finest T-37 PMG has graded out of more than 100 examples. This note also earned the coveted EPQ qualifier from the grading service attesting to the note's superior quality.

10185 T-38. Confederate Currency. 1861 $2. PMG Very Fine 25 Net. Restoration. No. 5405, Plate 8. A fully framed and darkly printed example of this $2 note which has the issuing year in error as 1861 instead of 1862. The design elements remain bold and the restoration mentioned by PMG is well executed. There is an old handwritten note on the back of a 1930's bank slip accompanying the lot stating the significance of this $2 note as a scarce type and mentioning the date error. It priced the note at $2.50. The new owner will likely have to pay more this evening.

He was the grandson of Thomas Jefferson and is buried on the grounds of Monticello. This is a broadly margined and crisp $100 with well centered face and back prints.

Stunning Light Green Seal 1934 $1000 — Dallas

Finest Known

10310 **Fr. 2211-K. 1934 $1000 Federal Reserve Note. Dallas. PCGS Gem New 65 PPQ.** One of the rarest $1000 Light Green Seals available to the collecting community. This stunning Dallas $1000 features really good centering and registration, along with punch through embossing. PMG and PCGS have only graded a combined total of two notes in the Uncirculated grades, both being 65's.

Gem 1934 LGS $1000 survivors like this note have the two hallmarks of greatness: quality & rarity, and savvy collectors have taken note. In April 2015, a 1934 Richmond $1000 LGS also graded PMG 66 EPQ, a finest known Gem example just like the current lot, fetched $47,000 in a public auction.

1934 Chicago $5000 FRN

10311 **Fr. 2221-G. 1934 $5000 Federal Reserve Note. Chicago. PMG Extremely Fine 40 Net. Repaired.** This gorgeous Madison $5000 from the Chicago district is certified as Extremely Fine 40 Net and shows with great appeal for the grade. The print run for this series date and district was only 6,600. This banknote features the serial number G00000351A, which is again a number new to census information. Excellent margins and terrific centering appeal as top priority qualities among collectors. There is some corner folds seen on the top left and bottom right, along with some minor earthquaking. Other handling typical for the grade also present. PMG mentions the note was repaired. The repair is minor but can be seen to the left of the top margin. The remarkable face value of these banknotes cement their place in numismatic lore, and being that they are still redeemable at face value, it makes for fascinating dialogue among both collectors and general observers. Bills of this denomination have not been produced in nearly 70 years, and we certainly cannot imagine this denomination ever being reintroduced. With both the 1928 and 1932 series combined, there are roughly 230 notes known for the denomination, and only a select few collections will have the opportunity to illustrate this majestic bill.

Stunning Mixed Denomination Set

10330 **Lot of (3) Fr. 2074-K 1981a $20; Fr. 2074-K 1981a $20; Fr. 1913-K 1985 $1. PCGS Graded 63 PPQ, 64 PPQ, 63 PPQ. Mixed Denomination Errors.** One of the rarest errors where stocks of one denomination get mixed in with a second denomination after the first and second printings, and then those sheets are sent to overprinting press. These series dates are the first to be discovered. The story told by our consignor is that a gentlemen pulled $60 out of an ATM machine on August 12, 1985. He received these three bills, two $20's and one $1. He went into the bank to explain he only received $41 and not the $60 he had requested and been charged for. The bank agreed and credited him $20 to complete his $60 withdrawal. The owner thought it was interesting that the notes were consecutive to each other but were mixed denominations so he kept them with the ATM machine receive dated August 12, 1985! (which is included in this lot) The $1 is dated 1985 but the $20's are dated 1981A. Well, this verifies its legitimacy because 1981A $20's were printed from September 1983 to February 1985 and 1985 $1's were issued from February 1985 to August 1988. It is our professional opinion that these are 100% mixed denominations.

$5 Farmers National Gold Bank of San Jose Rarity

10337 **San Jose, California. $5 1874. Fr. 1141. The Farmers National Gold Bank of San Jose. Charter #2158. PCGS Fine 12 Apparent. Repaired Edge & Internal Tears and Splits; Edges Trimmed.** This note is a nice collectible example of the bank and denomination and was acquired by a New England numismatist to illustrate the National Gold Bank series. This note type was authorized by Congress in 1870 in an era in which Legal Tender and National Bank Notes traded at deep discounts in California commerce. The National Gold Bank Notes were redeemable at face value in current federal gold coins, a unique class. There is no record of even a single numismatist collecting notes of this or any other National Gold Bank at the time, with the result that nearly all saw intensive circulation. Almost without exception the notes of this bank have problems. For this and any others please examine that images of both sides.

As to the Farmers National Gold Bank of San Jose, it was a latecomer to the Gold Banks and was authorized in the period from June 22 to July 21, 1874, with a capital of $500,000, although paid-in capital amounted to $250,000. The founding president was John W. Hinds, and the first cashier was George P. Sparks. In early 1875, W.D. Tisdale was elected cashier, in place of George P. Sparks. The bank was a cautious issuer of notes, and paid out only $20,224 face value, nearly all of which was later redeemed — this accounting for the rarity of any note from this bank today. In 1880 the name was changed to the First National Bank of San Jose.

Rare Milton, Florida $5
Finest Known

10339 **Milton, Florida. $5 1902 Plain Back. Fr. 598. The First NB. Charter #7034. Very Fine.** This newly discovered Milton, Florida $5 is truly rare and is the first public offering since 2008 where a far lower grade example, a PMG 10 sold for $18,400 in a public auction. Milton is located in Santa Rosa county and had just one large size issuing bank. With this discovery there are now only five large size examples known, this being the finest. The note has fantastic penned signed signatures with the presidents in pink ink. A touch of light rust is noted on the top center along with some minor foreign substance on the lower right and couple of pinholes. A note which should easily reach or exceed our estimate.

Newly Discovered Vero, Florida $5

10340 **Vero, Florida. $5 1902 Plain Back. Fr. 606. The First NB. Charter #11156. PMG Very Fine 30 Net. Stained, Rust.** This new Florida discovery will likely catch the serious and casual collector by surprise. The serious Florida specialists will know that this is just the fourth note reported for this one bank town. The bank opened in 1918 and closed its doors exactly fives years later in 1923. This is just the 2nd auction appearance of any note from this bank, the last was the 1902 $5 serial number 1 which brought an impressive $71,875 in a public auction in 2007. This new discovery is certainly the 2nd nicest of the four. The body of the note is strong only having four hard folds. PMG comments "Stained, Rust". Both the cashier and president's signatures remain very strong. It is very difficult to accurately estimate such a popular and rare banknote. I don't think anyone would be surprised to see our estimate easily topped.

Mixed Obsoletes

11106 W. L. Ormsby Salesman's Sample Sheet with 29 Engravings. 9x13 in. About Uncirculated. A salesman's sample sheet from printer W.L. Ormsby featuring counters for bank notes — ornate samples of different denominations. Ormsby remains today one of the most enigmatic, most controversial, and yet innovative figures in the world of obsolete currency. With his own imprint as well as that of his New York Bank Note Company, he issued sheets of currency for many applicants — a mixture of legitimate state-chartered banks or people seeking such a charter as well as for some fraudsters who had no intention of forming a bank. The last had currency printed in large amounts, signed, and distributed. Washington, D.C., was a favorite location for such issues, as oversight was erratic and often absent. A congressional committee was in charge, and sometimes was active and other times dormant.

It has been popular to discredit Ormsby for issuing notes for fantasy banks (such notes being avidly collected today). However, the fact is that most other large bank-note companies, including the antecedents of the American Bank Note Company (formed in spring 1858) also did the same thing. The *Whitman Encyclopedia of Obsolete Paper Money,* Q. David Bowers is available from the Whitman website and other sellers and gives extensive details on Ormsby.

Terms & Conditions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than $500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of seventeen and one-half percent (17 1/2%) based upon the total amount of the hammer (minimum of $15), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Payments may be made by credit card, Paypal, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding $10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of $35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to $2,500, with a maximum of $10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves

the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California and New York without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars ($1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars ($1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Please note, this is not, and is not intended to be, a complete description of applicable sales tax laws in all jurisdictions. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of $10). For any lots delivered outside the United States, the declaration value shall be the item'(s) hammer price plus its buyers premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins and currency that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency or the coin or currency is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

Terms & Conditions (cont.)

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

i. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

j. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory interpleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Trusted Names, Familiar Faces, Dynamic Results

Here at Stack's Bowers Galleries, our experts have been at the forefront of numismatics for over 80 years, handling more prominent collections and rarities than any other coin firm in the world. We understand the importance of exceptional customer care, and our unwavering commitment to personal service has earned the trust of the most astute collectors, corporations, dealers, investors, museums, bankers, galleries, government agencies and fiduciaries worldwide.

Throughout our history, we have cataloged and sold some of the most important collections at auction. We continue to set records, in 1996 selling the first coin to cross the $1 million mark and in 2013 the first to sell for over $10 million – the unique 1794 Specimen dollar from the Cardinal Collection. Recently, we have set multiple records in our ongoing D. Brent Pogue Collection sales.

While great rarities and collections make headlines, the vast majority of our work is done with collections of more modest value, from tens of thousands of dollars and up. Our expertise, combined with our unmatched commitment to personal service, auction presentation, widespread marketing and global reach, ensures the highest prices for your consignment. Whether your collection is worth $10,000 or $10 million, let us share our success with you.

Call or email us today for more information on realizing top market price for your collection.
